Firestone Building Products Company, Inc. has applied to the Kentucky Division for Air Quality for a renewal of the permit to operate a foam insulating materials manufacturing facility at 8170 Holton Drive, Independence, KY 41042. The plant is classified as a Conditional Major source due to potential emissions of regulated air pollutants and hazardous air pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the Division's draft permit should shortly become available at <http://air.ky.gov/Pages/PublicNoticesandHearings.aspx>. Copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

The first day of the 30 day period is the day after the publication of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address or e-mail James.Morse@ky.gov. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced.
